

CCTNS - e-DIGEST

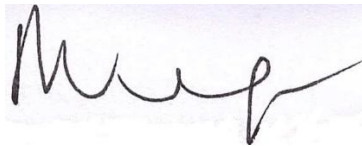

USEFULNESS - 2014

FOREWORD

CCTNS is a prestigious project implemented successfully in Tamil Nadu Police. Approximately, 39 lakhs case files/records have been digitized and stored for the use of Investigating Officers through a dedicated network. The initial benefits of the system have been experienced by the field officers.

This “e-Digest” is an attempt to showcase some of the success stories of CCTNS reported in the year 2014.

Hope this endeavour would motivate officers to reap the benefits of the system by using the CIPRUS application more extensively.

This notable increase in matching is due to exclusive training imparted to PDEOs of Railway PS on the use CCTNS / Web portal by the IGP, Railways.

IV. PASSPORT VERIFICATION - ADVERSE HITS AGAINST APPLICANTS: -

The applications for passports were verified in order to provide Police Clearance Certification to the applicant. By using CCTNS, 752 Passport applicants were identified to have been involved in criminal cases. Hence, those 752 applications were rejected for having figured in the criminal records of CCTNS by the SHOs.

V. ANTECEDENT VERIFICATION – ADVERSE HITS AGAINST APPLICANTS: -

Many verification rolls for jobs were received at the Police Stations. The antecedents of applicants were verified with the database of CCTNS. As a result, 89 applicants were found to be involved in the criminal case and hence rejected. Interestingly, verification of Youth Brigades was also done and many were rejected on the basis of their involvement in cases. For example, one Youth Brigade Mr.Manikandan, Perur PS, Coimbatore district was rejected on the basis of verification in CPRUS database on 10-03-2014.

VI. INTER-STATE UTILITY:-
