Chennai- 600 028,

**Rc.No.D-X/3961/SCRB/2011**

**Date:18.09.2013**

**CIRCULAR MEMORANDUM**

Sub : CCTNS – Network Connectivity – Modems provided by  
BSNL – Preventive measures during the time of thunder  
and lightning – Advisory - Reg.

-oOo-

As part of CCTNS project implementation, BSNL has installed modem to enable network connectivity in the police stations and higher offices across the State.

It has come to ~~our~~ notice that several modems installed at the police stations under the CCTNS project were damaged due to thunder and lightning. Since, the network connectivity in the police station has been established by BSNL the modem is being maintained by them. The defective modems have since been rectified. BSNL has suggested that the police station staff may be advised to switch-off the modems during thunder and lightning in order to minimise damage to the modem.

You are therefore requested to issue an advisory to the police station staff in this regard.

  
Addl. Director General of Police,  
SCRB/Chennai-28.
